**Item 7.01 Regulation FD Disclosure.**

On June 26, 2017, Weatherford International plc (the “Company”) announced that Weatherford International Ltd., a Bermuda exempted company and an indirect, wholly owned subsidiary of the Company (“Weatherford Bermuda”), launched a private offering of an additional \$250 million aggregate principal amount of its 9.875% senior notes due 2024 (the “Senior Notes”) to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”), and to certain non-U.S. persons in accordance with Regulation S under the Securities Act. The Senior Notes will be fully and unconditionally guaranteed by the Company and Weatherford International, LLC, a Delaware limited liability company and an indirect subsidiary of Weatherford Bermuda. A copy of the press release is furnished herewith as Exhibit 99.1 and is incorporated herein by reference.

The information provided pursuant to this Item 7.01, including Exhibit 99.1, is “furnished” and shall not be deemed to be “filed” with the Securities and Exchange Commission or incorporated by reference in any filing under the Securities Exchange Act of 1934, as amended, or the Securities Act, except as shall be expressly set forth by specific reference in any such filings.

**Item 8.01 Other Items.**

In June 2017, the Company identified an immaterial error, with no cash flow impact, of approximately \$28 million, net, related to the recognition of revenue with a customer, Petróleos de Venezuela, S.A. (“PDVSA”) in its previously reported 2016 Annual Report on Form 10-K and Quarterly Reports on Form 10-Q for the periods ended September 30, 2016 and March 31, 2017. The Company has concluded that beginning in the third quarter of 2016, the duration of time expected to collect revenue earned with PDVSA significantly exceeds the contractual payment terms and represents an implied financing arrangement. This has required the Company to recognize revenue at a discount reflecting the time value of money and accrete the discount as interest income over the expected collection period using the effective interest method.

This immaterial error resulted in the overstatement of both accounts receivable and revenue of approximately \$22 million and \$23 million, respectively, as of and for the year ended December 31, 2016 and \$6 million and \$8 million, respectively, as of and for the three-month period ended March 31, 2017.

In connection with this development, the Company will correct this immaterial error in its Quarterly Report on Form 10-Q for the three and six month periods ended June 30, 2017. The impact of the correction will decrease revenue and increase interest income by approximately \$31 million and \$3 million, respectively, for the three and six month periods ended June 30, 2017 and reduce accounts receivable by approximately \$28 million as of June 30, 2017.

The impact of this error, had it been recorded in the prior periods described above, would have no impact on our previously reported compliance with financial covenants under our senior revolving and term loan credit facilities. There is also no impact to cash flow from operating activities or any other cash flow measures.

This Item 8.01 contains forward-looking statements. These forward-looking statements include, among other things, the Company’s expectations about future results and are also generally identified by the words “believe,” “project,” “expect,” “anticipate,” “estimate,” “outlook,” “intend,” “plan,” “guidance,” “may,” “should,” “could,” “will,” “would,” “will be,” “will continue,” “will likely result,” and similar expressions, although not all forward-looking statements contain these identifying words. Such statements are based upon the current beliefs of the Company’s management, and are subject to significant risks, assumptions and uncertainties. Should one or more of these risks or uncertainties materialize, or underlying assumptions prove incorrect, actual results may vary materially from those indicated in our forward-looking statements. Readers are also cautioned that forward-looking statements are only predictions and may differ materially from actual future events or results. Forward-looking statements are also affected by the risk factors described in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016, the Company’s Quarterly Reports on Form 10-Q, and those set forth from time-to-time in the Company’s other filings with the Securities and Exchange Commission (“SEC”). We undertake no obligation to correct or update any forward-looking statement, whether as a result of new information, future events, or otherwise, except to the extent required under federal securities laws.

Press Release

## Weatherford Announces Private Offering of \$250 Million of Senior Notes

Baar, Switzerland, June 26, 2017 - Weatherford International plc (NYSE: WFT) (the “Company” or “Weatherford”) announced today the launch of a private offering (the “Offering”) of an additional \$250 million aggregate principal amount of its 9.875% senior notes due 2024 (the “New Notes”) to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”), and to certain non-U.S. persons in accordance with Regulation S under the Securities Act. The New Notes will be senior, unsecured obligations of Weatherford International Ltd. (“Weatherford Bermuda”), a Bermuda exempted company and indirect, wholly owned subsidiary of the Company. The New Notes will be fully and unconditionally guaranteed, on a senior, unsecured basis, by the Company and by Weatherford International, LLC, a Delaware limited liability company and indirect subsidiary of Weatherford Bermuda.

The New Notes will be issued as additional securities under an indenture pursuant to which Weatherford Bermuda previously issued \$540 million aggregate principal amount of its 9.875% senior notes due 2024 (the “Initial Notes”, and together with the New Notes, the “Notes”). The New Notes will have identical terms, other than the issue date, as the Initial Notes, and the New Notes and the Initial Notes will be treated as a single class of securities under the indenture governing the Notes.

The purpose of the Offering is to repay amounts outstanding under the Company’s revolving credit facility, give the Company additional liquidity throughout 2017, and provide assurance it will comply with the financial covenants set forth in its senior revolving and term loan credit facilities.

The New Notes will not be registered under the Securities Act or any state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from such registration requirements.

This press release shall not constitute an offer to sell or a solicitation of an offer to buy the securities described above, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such state or jurisdiction.
