### PRELIMINARY FINANCIAL PERFORMANCE UPDATE FOR Q3’21 RELATIVE TO Q2’21

- Consolidated revenues expected to increase by 4% to 5%

Girish Saligram, President and Chief Executive Officer, commented, “Our focus on driving our key imperatives continues to deliver demonstrable proof of the ongoing operational turnaround at Weatherford. We recognize that we still have work to do to ensure our goal of sustainable profitability and positive free cash flow generation across cycles and at baseload activity levels. We are committed to institutionalizing the current improvements in our core operating processes to ensure balanced performance going forward. We will provide further details on our Q3 results, as well as the expected impact on Q4 and full-year guidance, as part of our scheduled earnings release on November 2<sup>nd</sup>.”

### Non-GAAP Measures

Weatherford reports its financial results in accordance with U.S. generally accepted accounting principles (GAAP). However, the Company’s management believes that certain non-GAAP financial measures and ratios may provide users of this financial information additional meaningful comparisons between current results and results of prior periods and comparisons with peer companies. The non-GAAP amounts provided should not be considered as substitutes for operating income, net income or other data prepared and reported in accordance with GAAP, but should be viewed in addition to the Company’s reported results prepared in accordance with GAAP.

---

The percentages reported above are preliminary. The Company is currently unable to determine its net income (loss) for the third quarter 2021 without unreasonable effort because it is still calculating certain income statement line items such as income taxes. Additional information about the Company's Non-GAAP Measures including reconciliations to GAAP measures are available in the Company's most recently filed Earnings Release on Form 8-K for the period ended June 30, 2021.
